DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter that applicant regards as the invention.

As to claims 1 and 11, a single claim that claims an apparatus and the method steps of using the apparatus is indefinite under 35 U.S.C. 112, second paragraph. In *Ex Parte Lyell*, 17 USPQ2D 1548 (Bd. Pat. App. & Inter. 1990), a claim directed to an automatic transmission work stand and the method steps of using it was held to be ambiguous and properly rejected under 35 U.S.C. 112, second paragraph.

Claims 2-10 and 12-20 are rejected by virtue of their dependence on claims 1 and 11.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-20 are rejected under 35 U.S.C. 101 because they are directed towards neither a “process” nor a “machine”. Rather they embrace or overlap two different statutory classes of invention set forth 35 U.S.C. 101 that is drafted so as to set forth the statutory classes of invention in the alternative only.
